The Network “Integration through Qualification (IQ)” aims at sustainable improvements in the labour market integration of adults with a migration background. Regional Networks are working on this across Germany and receive support from Competence Centres on key migration-specific issues. The Network “Integration through Qualification (IQ)” is a programme funded by the Federal Ministry of Labour and Social Affairs (BMAS) and the European Social Fund (ESF). Strategic partners in implementing the programme are the German Federal Ministry of Education and Research (BMBF) and the Federal Employment Agency (BA).
